

SELECTION OF REGULATORY OPTION

FOR PMN # P-16-0510

I have reviewed the Agency's letter dated Mar 24, 2017, which outlines the regulatory options for the above-referenced PMN, and I select the following option:

☐ Option 1 - Section 5(e) Consent Order with submission of EPA-specified testing prior to commencement of manufacture (60-day suspension recommended)

☒ Option 2 - Upfront submission of other information before EPA makes final determination under section 5(a)(3) of TSCA (60-day suspension recommended)

☐ Option 3 - Withdrawal of PMN per 40 CFR 720.75(e) (no suspension necessary)

To provide time for implementation of the selected option, I request, pursuant to 40 CFR 720.75(b), a suspension of the PMN review period until the following date: Jun 1, 2017
